NONE FINER THAN

Star Roses . . . The Better Roses For
People Who Want Quality Plants.

WHITE KNIGHT

All-America Winner for 1958

★WHITE KNIGHT (Message). H.T. (Meiland.) Plant Pat. 1359. Here is the finest white Rose in the world today! The only white Hybrid Tea ever to walk off with America's highest and most wanted Rose award . . . the All-America Selections! This honor in itself speaks volumes for this splendid, pure white newcomer, for it earned this distinction in competition with the best this country has to offer. The picture tells you plenty about the lovely form of the bud and of the fully matured open flower, which is a good 5 inches across; but nothing can match the living Rose itself as a means of acquainting you with its delights. White Knight stays white in all weather . . . a magnificent, satiny texture and the purest of colors which in combination are something to marvel at. Add to this virtue the exquisite grace of the outcurling petals in the open flower and the slim elegance of the long bud and you have the unbeatable white Rose. White Knight's charm does not end here. The plant bears these wonderful buds and blooms continuously and in quantity so that you have the choicest of white flowers all the season long. They come on long, strong stems, too—a prime necessity for the ideal cutting Rose. Another quality for such a Rose—and White Knight has it—is the long life of the blossom. Both on the bush and in the vase, White Knight's flowers remain in top form for an unusually long time. The bush itself grows with fine vigor to 3 feet and more, is free-growing and bushy and offers lively green foliage as a perfect background for the splendid white flowers. This is a strong, hardy, disease-resistant Rose as well, a champion in every way, and one which in your garden will become for you what it has been for thousands—a source of admiration and pride. \$3 ea.; 3 or more, \$2.65 ea.

NEW!

Enjoy the brilliant
NEW COLOR
 of the sultry
Torch Song!

★**TORCH SONG.** H.T. (Meiland.) Plant Pat. App. For. This is a brand-new color in Roses . . . ever see anything like it before? There's a smoky flame quality about it, or a red-hot-poker vitality, which makes the Rose glow with inner fire. To the eye, the sultry Torch Song has a kind of magnetic attraction, and as you look more closely, you see the reason why. The bud is a rich vermillion and opens to a lighter, brighter glow on the inside with a deeper, smoky reverse. In the fully open bloom, the 35 to 45 petals making up the high-centered flower curl loosely outward in the most debonair manner, exhibiting its gorgeous blood-orange-red color. Such blooms held singly on medium long stems and coming freely and continuously on the bush are a show-stopping sight. Add a well-defined but delicate fragrance to this flame-and-smoke beauty and you realize its tremendous appeal. The well-branched bush grows vigorously to medium height, with leathery leaves and fern-green canes to round out its richness of character. Torch Song is a real sensation! \$2.50 ea.; 3 or more, \$2.20 ea.

OUR COVER ROSE *PINK PEACE* GREAT NEW ROSE OF THE YEAR, AND A DREAM COME TRUE!

★**PINK PEACE.** H.T. (Meiland.) Plant Pat. App. For. People who love Roses, and that's just about everyone, are going to go mad about this giant new solid pink creation, Pink Peace. It earns the cover spot in our fall catalog because it is, we believe, the greatest pink Rose yet developed! Please turn back to the cover and take a second look at this king-size beauty. Note the soft, dusty pink charm of that remarkable 6-inch blossom, and the full, rich quality of the half-open flowers. Note, too, the delicately lovely touch given by Mother Nature to each petal . . . the hairline etching of lighter pink which delineates the edges. What, in a Rose, could be more fetching, or more desirable? Such huge, luminous, shimmering blossoms come one to a long stem, and the enormously vigorous plant bears them, not as you might

suppose with a stingy hand, but in a generous, free-blooming style! Each flower has from 60 to 65 large petals which roll outward in the most handsome manner. This magnificence of bloom is made the more enticing by a strong and memorable fragrance. The plant? This, too, is outstanding. It has enormous vigor. It grows upright, is tall, well-branched and bushy, with very strong canes and well-distributed, large, leathery leaves. It is disease-resistant as well. Pink Peace keeps its fine color throughout its life, and does not fade or wash out, which speaks for the inherent good qualities of the plant. This Rose is likely to be the most talked-about Rose of the year, and to become the most wanted Rose of our times. \$3 ea.; 3 or more, \$2.65 ea.

Tapestry - the Rose that couldn't make up its mind!

★TAPESTRY. H.T. (Gladys Fisher.) Plant Pat. App. For. Tapestry, like Joseph's Coat, has many colors, and like a chameleon, it changes them to suit its fancy. It can't seem to make up its mind whether to have flame-colored blooms today, and yellow tomorrow, with copper the day after—so it has them all on the same day. In childlike indecision, it mingles and mixes its lovely tones and offers them on the bush at the same time. And no two blooms alike! Here is truly the wonder Rose of the year—fascinating and surprising; a Rose with a what's-coming-next kind of personality that keeps you guessing. The plant is a free bloomer, and the flowers are large and double, with from 35 to 40 regularly arranged petals which are thick and satiny. Pointed buds open to a high-centered flower which becomes cupped and then loosely rolls its petals outward. It's a vigorous grower—bushy, much branched, low-growing and a perfect dandy for the front row. Add a spicy fragrance to all this and you have a very remarkable new Rose. \$3 ea.; 3 or more, \$2.65 ea.

KORDES PERFECTA— sheer delight!

★PERFECTA. H.T. (Kordes.) Plant Pat. 1604. This brand-new bicolor is a bit of delectable beauty in cream overlaid with rose-red . . . a different and exciting kind of Rose with a fetching personality. It's big—the blooms coming one to a long, strong stem, which makes for ideal cutting. The fat, full flower is high centered and the petals curl gracefully outward, exhibiting their unique beauty most advantageously. Another superb quality is the character of the Perfecta plant. A vigorous grower, it has the richest, heaviest foliage imaginable—the kind that resists disease with the greatest of ease, and which adds so much to the overall beauty of the Rose itself. The leaves are really tough and durable. Perfecta grows to good medium height, giving a substantial appearance that speaks of rugged character throughout. This great new addition to our family of Star Roses is delicately fragrant, too! Why not enjoy Perfecta in your garden? \$3.50 ea.; 3 or more, \$3.10 ea.

★CHRYSLER
IMPERIAL

CHRYSLER IMPERIAL

the gorgeous red Rose!

★CHRYSLER IMPERIAL. H.T. (Lammerts.) Plant Pat. 1167. So many good things can be said about this popular, solid red Rose that it is hard to know where to begin. The color is, of course, first in mind, for it delights the eye . . . rich and deep and excitingly red—perhaps the most appealing Rose color there is. Not far behind in attention value is the marvelous form of bud and bloom. Both are substantially formed and are excellently proportioned. They represent the shape of beauty. The flowers are large and come one to a stem, each with from 40 to 50 big petals. They last long. When you reach down to sample Chrysler Imperial's fragrance, you sigh in delight, for here is one of the most wonderful perfumes of any Rose . . . rich, enticing, memorable. Chrysler's plant grows vigorously to medium height and is sturdy and disease-resistant. It is no wonder that this splendid red Rose which has so many fine points about it won the All-America Rose Selections Award. That in itself is always a recommendation, but there's nothing like your own good judgment and personal taste to prove the point. Try it. \$2.50 ea.; 3 or more, \$2.20 ea.

to order by mail
from Star Roses*

PEACE—the Incomparable!

★PEACE. H.T. (Meiland.) Plant Pat. 591. All the world knows of the unique position held by this Rose—Peace the Incomparable. It has won every award, honor and prize imaginable, has the highest rating ever given by the American Rose Society, and has been voted Queen of the Show countless times. And yet, with all these distinctions, its millions of admirers never tire of adding their own applause. Why? Perhaps it's because true beauty and perfection are always admirable and appealing, and because top performance is always appreciated. Peace blooms are big, shapely and totally lovely. Their pink-edged yellow beauty is extraordinary. They come on the most vigorous plant one could wish for—a plant which seems to burst into life at the first call of springtime, and which grows tall and in richly profuse style. Its foliage is very thick, leathery and disease-resistant. Exceptionally sturdy canes bear the marvelous buds and flowers with great pride. Every garden which is now without a Peace Rose is missing something exceptional. Plant one in yours this fall, and know the pleasure next spring of enjoying at first hand the Incomparable Rose. \$2.50 ea.; 3 or more, \$2.20 ea.

STAR ROSES
PLANTING GUIDE
Sent **FREE**
with every order.

★**LOVE SONG.** H.T. (Gladys Fisher.) Plant Pat. 1360. All America has taken this one to its heart since its introduction in 1956, proving our point that it's the *finest bicolor ever created*. Love Song is a Top Hit—a big, bright, beautiful, bouncy creation in gleaming watermelon-pink and yellow. The colors are very lovely and lively, and in a flower so large (as many as 100 petals have been counted on a single blossom) the pink and yellow two-toned effect is sensational. The form of bud and bloom is good. The plant is sturdy, and has strong canes to hold the huge blossoms aloft. It grows upright to medium height. Love Song is free blooming and fragrant, vigorous and shapely. Its waxy leaves add a nice touch of contrast to the flowers. There is real character in this one, and plenty of beauty to delight you. \$2.50 ea.; 3 or more, \$2.20 ea.

These 4 BIG

of catalog.

★**PRESIDENT EISENHOWER.** H.T. (Hill.) Plant Pat. 1217. This is one of the best of the newer red Roses, and has already earned for itself the title of the "New American Beauty." It has from 35 to 40 red velvet petals whose dark sheen makes the flower wonderfully rich and attractive. Big blossoms come on sturdy, upright canes. The blooms are shapely, nicely fragrant and excitingly beautiful. President Eisenhower grows relatively low to medium, with fine vigor, and makes an ideal Rose for the front of beds or for borders. The foliage is dark green and beautiful, making the rich red of the flower even more outstanding. The splendid quality of President Eisenhower from top to bottom will be evident to you when once you see it in your garden. We include it in an offer here of four different colors because it is so distinguished a red Rose. \$2.25 ea.; 3 or more, \$2 ea.

★DR. DEBAT

★DR. DEBAT. H.T. (Meiland.) Plant Pat. 961. One of the most popular and desirable colors in a Rose is clear pink, and in Dr. Debat you have this in a deep, rich tone. There is a delectable quality about it, and when seen in the splendid, exhibition-type bloom, the sight is marvelous. The big 5 to 6-inch flowers are made up of 30 petals, each large and velvety. There are many such magnificent flowers on the plant, giving you a truly rewarding return for planting it. Dr. Debat grows tall and vigorously, its strong canes holding the blooms easily. From the smooth bud, which has a touch of salmon at the base, to the fully developed flower, this paragon in pink is one of the most satisfying Roses in the garden. Its color, its size and excellent form offer a combination of qualities which are hard to beat. You can rely on Dr. Debat for outstanding performance year in and year out. Include it in your garden if you would have a very fine pink Rose. \$2.25 ea.; 3 or more, \$2 ea.

★LADY ELGIN. H.T. (Meiland.) Plant Pat. 1469. An elegant apricot and orange combination which has been so aptly described as "Jeweler's Gold." Since its introduction in 1957, Lady Elgin's flaming beauty has won the admiring comment of even the most reserved of Rose fanciers. It's a mighty fine newcomer to our list—a Rose with excellent form of bud and blossom, brilliance of color and good growth habits. The color remains bright throughout the flower life. The flowers are held on long stems, which means good cut flowers. The petals, which range from 35 to 48 in number, are of good texture, and are large and firm. The plant is sturdy, tall-growing, upright and vigorous. These are all desired virtues, and so is the pleasing Lady Elgin fragrance. There is a fabulous quality in the huge, handsome flowers and the lustrous green of the foliage which, when seen in the garden, makes one wonder at the glory of Nature. \$2.50 ea.; 3 or more, \$2.20 ea.

★CONFIDENCE

STAR

UNEXCELLED IN BEAUTY,

★**LOWELL THOMAS.** H.T. (Mallerin.) Plant Pat. 595. The deepest yellow in a Rose today, Lowell Thomas is solid gold in color and in quality. An All-America Winner is always a winner. Lowell Thomas' deep yellow, a richness which does not fade, is very beautiful. The high-cupped blossom, which is 4 inches across, is very well modeled, and the bud, too, is noted for good form. On the plant with its rich green foliage, such blossoms make a fine sight, indeed. The stems hold them erect. The plant is husky, growing upright and vigorously. Lowell Thomas is a cheerful Rose that's good in all respects, and worth a spot in any garden. \$2.25 ea.; 3 or more, \$2 ea.

★**CONFIDENCE.** H.T. (Meiland.) Plant Pat. 1192. Here is king-size bloom in a delightful blend of peach and pink—a flower that's beautiful and fragrant as well. Confidence grows tall—a broad and well-formed, upright plant which has inherited many of the good qualities of Peace, its ancestor. Each flower has from 28 to 38 huge petals, making giant blooms which are wonderful for cutting and for exhibition. Good green foliage decks the plant. Confidence has won many awards in Europe and many hearts in America's gardens. Its soft, pastel colors are delicately bewitching. \$2.25 ea.; 3 or more, \$2 ea.

★**MOJAVE.** H.T. (Swim.) Plant Pat. 1176. A coppery red stand-out with all the flaming beauty of desert sunsets and exquisitely formed buds and blooms. It's a free-blooming Rose with sweet fragrance. All this makes Mojave most desirable, and accounts for its winning of the All-America Award. You can imagine how such a bright and beautiful Rose would perk up the spot you give it in your garden. Mojave's plant is outstanding, too, growing tall and vigorously, and having rich, substantial-looking leaves as a backdrop for those gorgeous flowers. Mojave is very popular and very satisfactory. If you need a real eye-catcher, try this wonderful Rose. \$2.75 ea.; 3 or more, \$2.40 ea.

ROSES

QUALITY, CHARACTER!

★**BLANCHE MALLERIN**. H.T. (Mallerin.) Plant Pat. 594. This fragrant white Rose with the long, shapely buds is one of the best-known whites in America—also one of the best. The enchanting blooms come one to a stem and many to the bush. Each has from 35 to 40 petals which form a substantial blossom. Blanche Mallerin is a free-blooming Rose which grows with vigor to medium height and in fine, upright style. Every garden needs a good white like this to offer color contrast for the reds, yellows and pinks of other Roses. **\$2 ea.; 3 or more, \$1.75 ea.**

★**MIRANDY**. H.T. (Lammerts.) Plant Pat. 632. Here's another distinctively good Rose with plenty of fine points. Big, beautiful and fragrant, it has tremendous appeal. The crimson to deep wine color is rich and exciting, the form is exceptionally good, the huge blossom with its delightful perfume is sensational. 50 great petals make up the flower, and there are plenty of flowers coming along all the time. This one is a former All-America Winner—a great Rose in every way. Its size, form and color combine to give you a kind of perfection which you won't fail to admire or to enjoy. **\$2.25 ea.; 3 or more, \$2 ea.**

On these two pages, and on others, we have selected for you a number of outstanding Star Roses which we think make up very interesting groups or collections. We offer these to you at special money-saving prices. Offer 108, for instance, includes the five splendid Roses which you see on these two pages. Each Rose in this collection has been chosen for its color contribution to the group as a whole. When planted in your garden, this group forms a beautiful harmony of color, and offers at the same time color contrast which is always desirable. You actually save \$1.55 when you order Offer 108.

★**BLANCHE MALLERIN**

★**MIRANDY**

Be sure of fresh plants—order direct from the nursery.

★**NOCTURNE**. H.T. (Swim.) Plant Pat. 713. A big, deep red Rose with long-pointed buds which open to huge, well-formed flowers. One of the special points about Nocturne is that it grows well anywhere and withstands summer heat without fading. The wonderful flowers are richly fragrant. The plant grows tall and provides those beautiful, wavy-petaled flowers generously. An All-America Winner that won't fail to please. \$2.25 ea.; 3 or more, \$2 ea.

★**CHARLES MALLERIN**. H.T. (Mallerin.) Plant Pat. 933. Noted for its superbly formed, black-red blossom. This is a big, deep red-velvet flower with from 30 to 40 substantial petals. It's magnificent in both size and form, and it grows fragrantly on a tall, vigorous plant which is disease-resistant. Charles Mallerin does not produce scores of blooms; but it does give you perfect ones. \$2.50 ea.; 3 or more, \$2.20 ea.

*Star Quality
You Your*

★**NOCTURNE**

Quality is a much over-worked word, but here at Star Roses we use it with a clear conscience. That is because we grow Roses in our own fields and are not middlemen in any way. We know that our plants are the finest that can be grown. We never compromise with our standards. When you buy Star Roses, you buy quality, which means that you get your money's worth. You never risk your money, because if a Star Rose does not bloom for you, we will replace it or refund your money.

Order Star Roses by mail. Choose from the newest, finest varieties.

★**TIFFANY**. H.T. (Lindquist.) Plant Pat. 1304. As its name implies . . . here's a jewel of a Rose. Clear pink blended with pale gold, Tiffany is exquisitely formed. It combines rare beauty of flower with vigor of plant to give you in free-blooming profusion a wealth of rewarding blossoms. The shape of the bud is exceptionally fine, and the 30 to 40 good-sized petals make up a most graceful flower. This is held on a strong stem. The plant grows 3 to 4 feet tall. Like the blossom, it is shapely and has plenty of good green foliage, to accentuate the beauty of the blooms. You can easily see why Tiffany is an All-America Award Winner. What it did for the Judges, it will do for you. \$2.50 ea.; 3 or more, \$2.20 ea.

★**SUTTER'S GOLD**. H.T. (Swim.) Plant Pat. 885. This golden Rose touched with flushes of copper, pink or vermillion and set off by its fine bright glossy leaves is the essence of richness, and the reason which lies behind the name. The coloring is distinctive and the blooms, which come in abundance, are totally lovely. The stems holding them are straight and almost thornless, which makes for ideal cutting. The bush grows tall and in good proportion. There is even a rich and intense fragrance to the flower, which gives you just about everything you could wish for. Of course, it's another proud winner of the All-America Award. \$2.25 ea.; 3 or more, \$2 ea.

★**TIFFANY**

This sign denotes All-America Award Winners throughout this catalog.

★**SYMPHONIE. H.T.** (Meilland.) Plant Pat. 958. Deep pink with wonderful buds and perfectly huge blossoms which come in plenty all season long. Excellent, big, sturdy plant. Pleasing fragrance. A Gold Medal winner in England and a very worthwhile Rose anywhere. \$2 ea.; 3 or more, \$1.75 ea.

★**CHARLOTTE ARMSTRONG. H.T.** Plant Pat. 455. A famous rose-red beauty with long, slender buds and well-formed open blooms. The color glows. Blooms are held on long stems and come abundantly on a vigorous plant that grows tall in handsome style. There's an old-fashioned appeal about Charlotte Armstrong which is just as wonderful today. Winner of the All-America Award and of countless hearts. \$2.25 ea.; 3 or more, \$2 ea.

★**SUZON LOTTHE. H.T.** (Meilland.) Plant Pat. 934. The pearl-like pink sheens of this large, well-formed Rose offer you a distinctly different color which is very pleasing. There are from 55 to 90 petals making up this nicely shaped beauty, and each has a very special quality of smoothness which gives the Rose an unusual loveliness. The plant is heavy caned, vigorous and disease-resistant. The leaves are large, and the stems are strong. It is, of course, a very good cutting Rose. Another outstanding virtue of Suzon Lotthe is its fragrance, which has been described as being "extraordinary." With so much to recommend it—its large size, beautiful coloring, good form, vigor, unusual fragrance, pearl-like softness—it is no wonder that Suzon Lotthe holds so firm a place in the affections of those who know it. Why not try this charmer and see for yourself? \$2 ea.; 3 or more, \$1.75 ea.

wrapping.

★PENNSYLVANIAN

★PENNSYLVANIAN. H.T. (Ohlhus.) Plant Pat. 936. This fine apricot-orange tinted Rose has big blossoms and long, pointed buds. Nice perfume. Vigorous grower. Upright plant. Abundance of flowers more beautiful than the picture shows. A real knockout especially in spring and fall. \$2 ea.; 3 or more, \$1.75 ea.

★ETOILE DE HOLLANDE. H.T. Good crimson color, excellent form and good cutting stems. Richly perfumed flowers make this popular old-timer a favorite today for many. You can depend upon it for garden pleasure from bud to finished bloom. It's one of the best of the older reds. \$1.50 ea.; 3 or more, \$1.30 ea.

★KAISERIN AUGUSTE VIKTORIA. H.T. Cream-white with a faint lemon center in the open bloom. Long, shapely buds. There is a delightful scent which you will like. This old-fashioned white Rose is often called the "classic" white. A good many people still ask for it. \$1.50 ea.; 3 or more, \$1.30 ea.

★MRS. PIERRE S. DU PONT. H.T. A free-blooming golden yellow with well-formed buds. The flowers are nicely fragrant and come on a good, bushy plant. It's a fine old Rose that delivers lots of good, double flowers. Another old favorite which will delight you now. \$1.50 ea.; 3 or more, \$1.30 ea.

★POINSETTIA. H.T. The brilliant, clear red blooms of this "oldie" keep their fine color in all weather. They come in quantity—each blossom with excellent form. This is a dependable Rose that's bound to give you a lot of satisfaction and pleasure. The plant is erect and healthy and it bears good big flowers. You can't go wrong with this one. \$1.50 ea.; 3 or more, \$1.30 ea.

★PRESIDENT HERBERT HOOVER. H.T. A combination of scarlet, yellow, cerise and flame in a delightful flower that attracts attention. Wonderfully large and fragrant. Tall plant has erect stems that carry a wealth of blooms. President Herbert Hoover can be relied on, as can most of the fine old favorites, to provide plenty of colorful flowers for both your house and garden. \$1.50 ea.; 3 or more, \$1.30 ea.

Experienced gardeners buy their plants by mail.

★EDEN ROSE. H.T. (Meilland.) Plant Pat. 1149. The impressive size of this clear pink Rose never fails to catch attention. It's very showy and its fragrance is remarkable and delightful. The plant grows to 3 feet in husky fashion and in keeping with the massive blooms. Eden Rose throughout is exceptionally sturdy, and naturally attracts and holds the eye with such tremendous pink flowers. In England and the Continent, this one is a great winner and very popular. In America, it is steadily winning favor, too. \$2 ea.; 3 or more, \$1.75 ea.

★**HELEN TRAUBEL.** H.T. (Swim.) Plant Pat. 1028. The pink and apricot tints of Helen Traubel make up a beautiful seashell-porcelain Rose which is very fine in every way. Perfectly formed blooms open from slender buds. The big, magnificent flowers have 27 large petals which curl outward beautifully. The large, vigorous plant with its long canes and lovely foliage produces many blooms to delight you. This is a very appealing Rose. \$2.75 ea.; 3 or more, \$2.40 ea.

★**NEW YORKER.** H.T. Plant Pat. 823. The flashing brilliance of New Yorker coupled with its reputation for reliable performance make this fine red Rose very desirable. This popular red will grow even in semi-shady places, producing always big and often enormous blossoms. They're wonderfully fragrant and are held on tall, stiff stems. You'll cut plenty of them for the house. New Yorker's plant is a vigorous grower, and its bushy appearance and fine quality foliage add a good deal to the overall beauty of the Rose. With this outstanding red, you're bound to find plenty of keen satisfaction. \$2.50 ea.; 3 or more, \$2.20 ea.

Some of our Grand Old Favorites

★DUQUESA DE PENARANDA

Buy your Roses
direct from the
grower. None
better.

★GRANDE
DUCHESE
CHARLOTTE

★DUQUESA DE PENARANDA. H.T. Copper-apricot or deep peach beauty with lusciously rich color tones that delivers plenty of blooms continuously. The plant is splendid, upright and lovely to look at. This is one of the nicest of the older favorites. It has good fat blooms, fine color and growth habits. You'll like it. \$1.50 ea.; 3 or more, \$1.30 ea.

★GRANDE DUCHESE CHARLOTTE. H.T. Plant Pat. 774. Blooms of copper-touched red open from burnt-carmine buds which come one to a stem. Nicely shaped. Tall, graceful plant with outstanding form and foliage. Grande Duchesse Charlotte provides good cut flowers and much pleasure year after year. You'll be impressed by the beauty and quality of this good Rose. \$2 ea.; 3 or more, \$1.75 ea.

★RADIANCE. H.T. The famous cameo-pink Rose with the intense fragrance and lovely two-tone coloring. It delivers many, many big, firm blossoms of cupped form. The plant is fine, healthy and vigorous, and has excellent foliage. This is a "fool-proof" Rose that's eager to grow and to give you its beautiful, big, solid flowers. It's one of the very best of the older varieties. \$1.50 ea.; 3 or more, \$1.30 ea.

★ANGELS MATEU. H.T. Beautiful orangey-rose color that has long appealed to the eye for its delectable quality. Angels Mateu gives you brightness and delightful fragrance. There is a smoothness about the flower, and pleasing form of bud and bloom. The plant, too, is excellent, with good green foliage and plenty of vigor. Like so many of the older Roses, Angels Mateu has a good deal of charm. \$1.75 ea.; 3 or more, \$1.55 ea.

★RADIANCE

MORE Beautiful Old Timers

★**CRIMSON GLORY, H.T.** Here is a great older Rose with a tremendous reputation for giving satisfaction. It has wonderful form, color and fragrance. Its fine red richness and solid character plus the lovely perfume make it very desirable. Crimson Glory blooms freely, and since the plant is low-growing and just right for your front row, the flowers are always in evidence. You can depend on this one for the greatest enjoyment, for from top to bottom it is a very reliable performer. It's a hard-to-beat deep crimson beauty. \$1.75 ea.; 3 or more, \$1.55 ea.

★**RED RADIANCE, H.T.** Remarkable freedom of bloom and a real Rose fragrance distinguish this raspberry-red beauty. The flower is beautifully cupped and the plant is healthy, vigorous and long-lived. This solidly substantial Rose is very dependable and worthwhile. Red Radiance is similar to Radiance in size, shape and general character. See opposite page for color illustration. It differs in the deeper coloring. Either or both of these splendid, tried-and-true old timers are excellent buys. \$1.50 ea.; 3 or more, \$1.30 ea.

★**TALISMAN, H.T.** It is remarkable how an old and well-liked Rose captures and holds the affections of people over the years. Talisman is one of them. We still carry it because many people ask for it, although it is not the best Rose we have. Talisman is colorful a rich rose and orange combination that seems to have an old-fashioned charm for Talisman fans. In spring and again in autumn, this Rose is at its colorful best. The form is good then, but in summer it will tend to be misshapen sometimes. In spite of this, Talisman sells well. \$1.50 ea.; 3 or more, \$1.30 ea.

★**SOEUR THERESE**

All Hybrid Teas from Star Roses are Ever-blooming, Flowering Continuously from Spring to Frost. Hybrid Teas are Noted for Good Bud and Flower Form, Size of Blooms and Long Stems.

★**CRIMSON GLORY**

★**SOEUR THERESE, H.T.** One of the very best of the older yellow Roses is Soeur Therese. It has buttercup-yellow flowers which have a nice, compact form. You get such vivid beauties on sturdy canes and they come in whole candelabras of bloom! Naturally, they make a splendid display. Doubtless, this is one of the reasons why Soeur Therese is still so popular. You will go a long way before you will find as beautiful and as satisfactory a Rose in this bright color for the very reasonable price. In fact, the chances are that you will not find its equal. \$1.50 ea.; 3 or more, \$1.30 ea.

★**TEXAS CENTENNIAL, H.T.** Brilliant red blossoms turn to glowing salmon-pink in the fully open bloom of this oldster. It blooms in great style, the flowers coming on strong, upright stems. The plant is handsome, growing tall and symmetrically. Texas Centennial is a good cutting Rose and a reliable performer which you will be glad to have in your garden. \$1.50 ea.; 3 or more, \$1.30 ea.

ALL 13 SHOWN IN COLOR

only \$18.⁹⁵ A Whole

You save substantially when you buy this always popular Star Rose Baker's Dozen . . . and you get 13 very fine 2-year-old, field-grown, No. 1 Grade, Star Quality Roses. Every one of them is a famous name Rose accurately pictured and described here. Each is labeled and tagged with our Star Rose identification and guarantee. Buying this single offer not only saves money for you but also brings you a whole Rose garden which, in turn, will bring you untold hours of garden pleasure year after year.

★MME. HENRI GUILLOT. H.T. This one, from bud to bloom, exhibits a lovely form and offers an enticing fragrance. The blend of rosy flame colors changes to a satiny, showy, deep watermelon-pink as the bud opens to full bloom. The foliage adds to the lovely effect, for it is beautifully lustrous and rich looking. Mme. Henri Guillot is rated high by those who know it, an opinion you are likely to share yourself. \$1.75 ea.; 3 or more, \$1.55 ea.

★ECLIPSE. H.T. The most streamlined buds of all Roses are featured by Eclipse. The long, tapering buds open to golden yellow blooms which come in profusion on a vigorous plant. The large, semi-double flowers have uniformly colored petals. This is perhaps the "classic" yellow, and certainly the one with the most captivating buds. Eclipse is superbly clear-toned, well shaped and beautiful. You will surely be well pleased with this one. \$1.75 ea.; 3 or more, \$1.55 ea.

★MME. COCHET-COCHET. H.T. A free-blooming beauty in soft salmon-pink that has long been a favorite in Europe. It won the Bagatelle Gold Medal in France. It has splendid form and a wonderful honey-like perfume that appeals to everyone. Mme. Cochet-Cochet grows tall and has excellent foliage to set off the lovely blossoms. The buds are an interesting coppery pink which turns lighter and softer in the open flower. \$1.75 ea.; 3 or more, \$1.55 ea.

★CHRISTOPHER STONE. H.T. Here's another of the fine old reds. Its scarlet-crimson color becomes deep red velvet in the fall—a truly rich red which is as beautiful as can be. Blooming continuously and spreading a lovely Damask perfume, this fine Rose will always have its devotees. Such popularity is deserved, for Christopher Stone is very good and dependable in every way. In trying it in your own garden, you will find the deepest satisfaction. \$1.50 ea.; 3 or more, \$1.30 ea.

BAKER'S DOZEN

ON PAGES 16, 17, 18 and 19

Garden at a Big Saving!

Think of the hundreds and hundreds of beautiful blooms you'll be able to cut for your house! Think of the beauty these colorful blooms will add to your home grounds! All you need is at least 30 square feet of space—that's not a great deal—to have room for the Star Rose Baker's Dozen. If you don't have it all in one spot, you can use smaller spaces elsewhere. The effect, in either case, will be a stunning one. It's so easy to grow Roses, and so easy to love them! Why not order the Baker's Dozen and see?

ASK FOR OFFER 119

★**BETTY UPRICHARD.** H.T. The semi-double flowers of this pearly pink beauty open from long, pointed buds. The blooms are large and substantial. At the base of the petals is a touch of salmon. Betty Uprichard has a spice fragrance which is charming and thoroughly old-fashioned in its quality, adding to an already fine Rose another desirable point. This long-time favorite is an excellent value today. \$1.50 ea.; 3 or more, \$1.30 ea.

★**CONDESA DE SASTAGO.** H.T. A fine, bright bicolor that's gay with yellow and rosy scarlet. The plant produces these delightful blooms in generous profusion; and each of them gives you the pleasure of sweet fragrance. Condesa's vigorous and healthy plant is as dependable as the day is long. All in all, this is a good old Rose with plenty to recommend it. \$1.50 ea.; 3 or more, \$1.30 ea.

★**GOOD NEWS.** H.T. This is a 60-petaled peach-toned beauty whose blooms open from coppery pink buds. It's a big Rose, and it comes in clusters on erect stems. All summer long, the bush bears them in plenty. The glowing centers which tone to shell-pink on the outer petals are perfectly entrancing. Add to these virtues that of fragrance and you have a splendid, all-around Rose with a good deal of quality. The bush itself is also good news, for it is hardy, healthy and vigorous. \$2 ea.; 3 or more, \$1.75 ea.

★GOOD NEWS

STAR *Grandifloras*

NEW!

★**STARFIRE.** (Lammerts.) Plant Pat. App. For. THIS IS A WINNER OF THE ALL-AMERICA ROSE SELECTIONS AWARD FOR 1959. Be among the first to have in your garden this brand-new Grandiflora winner . . . Starfire! This current-red beauty does not fade in the sun—keeps its brilliance throughout the flower life. The perfectly contoured flowers open from urn-shaped buds, and come one to a stem, or in clusters. The stems, 6 inches to 12 inches long, make Starfire flowers ideal for cutting. Whether on the bush or in the house, the flowers are long-lasting. The bush is tall, often reaching 5 feet; and the foliage, which is bronzy green, is glossy and very ornamental. Plant this fall. \$3.50 ea.; 3 or more, \$3.10 ea.

★**QUEEN ELIZABETH.** (Lammerts.) Plant Pat. 1259. Like its new sister, Starfire, Queen Elizabeth is an All-America Award Winner, the first of its kind to take the honor. Its beautiful clear pink blooms are thoroughly lovely. They come on 6 to 12-inch stems in whole candelabras. The vigorous plant produces them plentifully in the manner of the Floribunda. This one reaches 3 to 4 feet in height, and its great Hybrid Tea-like flowers coming in profusion give you plenty of beautiful color all through the season. The good green foliage adds to the effect. You can have plenty of good cutting flowers from Queen Elizabeth. It is the most popular of the relatively new Grandiflora class Roses. Why not try it yourself? \$2.50 ea.; 3 or more, \$2.20 ea.

... Sure to Please

Here are the finest—the Big Five—Grandiflora Roses available today. This relatively new class, as you know, combines the great profusion of flowers provided by the Floribunda and the larger size and form of the Hybrid Tea. Blooming with all the gay abandon of the Floribunda, the Grandiflora produces Hybrid Tea-like blooms. If you have no Grandifloras yet, you must imagine the truly wonderful display they make. But better than that would be to order and plant a few this fall so that in the spring you could have for your very own the magnificence which only Grandiflora Roses can give you.

★**MONTEZUMA**. Plant Pat. 1383. Distinguished by brilliant rosy salmon color, Montezuma is beautiful enough to satisfy even the most avid Rose gardener. Look at the wonderfully formed bud and blossom. Take in the glowing color. Isn't this lusciousness at its best? The long, slender buds open to blooms of up to 40 petals forming a high-centered flower. The tall plant—3 to 5 feet—holds them high with several of the gorgeous blossoms on each long, strong stem. Naturally, Montezuma flowers are ideal for cutting, and there always seems to be plenty of them to cut. In any way you look at Montezuma—plant, bud, flower, color, growth habit—you find outstanding quality. \$2.75 ea.; 3 or more, \$2.40 ea.

★**BUCCANEER**. Plant Pat. 1119. This great yellow Grandiflora is a real back-row Rose, since it grows to 5 feet with the greatest of ease. The wealth of golden blooms have a delightfully light and sweet fragrance. This and the happy brightness of the light-catching blossoms are most appealing, as the gardener who has Buccaneer knows. The buds are long and sleek, and they open to 30-petaled, cupped flowers. In contrast to the yellow blooms is the dark green foliage which forms an attractive foil for them. The plant is generously proportioned, as is the flower which the plant bears generously. Plant Buccaneer along with one or more of the other beautiful colors shown here for some very real garden pleasure. \$2.50 ea.; 3 or more, \$2.20 ea.

★**MONTEZUMA**

★**CARROUSEL**. Plant Pat. 1066. The dark red, or garnet, Carrousel is a rich, non-fading Rose which grows upright to 3 feet in sturdy fashion. The plant is nicely bushy. It bears flowers abundantly, sometimes one to stem, sometimes whole candelabras of them. Made up of 20 petals, each flower is solidly substantial and has great appeal. The form of the bloom is a fine example of the Hybrid Tea inheritance. Carrousel's rich color goes exceptionally well with that of the gay Buccaneer. Plant them side by side for an eye-opening sight. \$2 ea.; 3 or more, \$1.75 ea.

★**CARROUSEL**

★**BUCCANEER**

Star Floribundas . . .

STAR EVERBLOOMING FLORIBUNDAS are truly amazing Roses! They are a riot of color all during the season with masses of flowers coming into bloom constantly. They're tremendously vigorous—healthy—beautiful. Plant in groups of 3 or more for wonderful color effects; or in borders. This year we have a splendid selection for you headed by the great Lavender Girl, and the 1959 All-America Winner, Ivory Fashion. You'll love our Star Floribundas . . . they're outstanding.

★**LAVENDER GIRL.** (Meiland.) Plant Pat. 1672. There's nothing like this anywhere . . . a gorgeous, rich-toned lavender Rose that holds its wonderful color *even in the strong heat of summer!* So great is its appeal that our entire stock was sold out when we introduced it last fall, and we didn't have a single plant for spring. Now, our new crop is ready. Order yours now. Lavender Girl opens from a ruby-red bud to the loveliest of rich lavenders. The plant is low and bushy, growing to 2 feet. It is compact and substantial, with blooms of 35 to 42 heavy-textured petals. The 3½-inch flower opens to a full and almost flat form in a magnificent display. This wonderful Rose is fragrant and has stems long enough for cutting. The bud and flower form are excellent. *Our limited supply permits only three to a customer.* \$5 ea.; 3, \$4.25 ea.

★**IVORY FASHION.** ALL-AMERICA WINNER FOR 1959. Plant Pat. 1688. The long, slender buds of this fine new winner open slowly to ivory-colored blooms which are 4 inches across. Both bud and bloom are well formed, and come with from 5 to 10 to the cane. They open in succession, thus providing a long period of flowering in the garden. The fully open flowers display beautiful, long, graceful, golden stamens. There is a strong Tea Rose fragrance. The plant grows to 2½ feet and has plenty of dark green foliage. This is a dandy in every way. \$2.75 ea.; 3 or more, \$2.40 ea.; 25 or more, \$2.15 ea.

Newest, Finest, Most Colorful!

★**FUSILIER**. Plant Pat. 1709. Rich orangey-red flower with wonderful luminescent quality and unusual frilled edges distinguish this All-America Winner for 1958. The 3 to 3½-inch blooms come in heavy clusters almost constantly on a full and bushy plant of medium height. With this one, you'll have plenty of exciting color, and lots of gardening pleasure. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

★**GOLD CUP**. Plant Pat. 1633. The fine, new yellow Floribunda with the unfading golden color—an All-America Winner for 1958. The 3 to 3½-inch flower is fragrant and comes in clusters on the 2½-foot plant. It's never without flowers. With the rich green foliage, they make a very happy sight, indeed. A very desirable new Rose. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

★**FASHION**. Plant Pat. 789. One of the most famous and most successful of all Floribundas. Fashion is a free-blooming, coral-peach beauty.

Its very great appeal lies in the lovely color, the neat form of the flower, the willingness to bloom in profusion and with vigor, and the general quality of the plant. All these virtues earned it an All-America Award a few years ago. It's just as good today. Fashion grows to 3 feet in height, and the disease-resistant bush puts out a rich kind of foliage that adds to the Fashion picture. You will be delighted with the beauty of Fashion. \$2 ea.; 3 or more, \$1.75 ea.; 25 or more, \$1.60 ea.

★**VOGUE**. Plant Pat. 926. Another former All-America Winner—a soft coral-red with a smooth kind of beauty that's completely charming. The vigorous 3-foot plant bears these flowers, which are 4 inches across and well formed, in plenty. Blooms are sweet-scented and have an old-fashioned Tea Rose quality that you will like. Vogue is really lovely. \$2 ea.; 3 or more, \$1.75 ea.; 25 or more, \$1.60 ea.

Be sure of fresh plants—order direct from the nursery.

★RED FAVORITE

HAVE SHOWY
with these STAR

★RED FAVORITE. Plant Pat. 1189. Low-growing, dark red, rich with life and beauty. The blooms are long-lasting and non-fading. They seem to be on the bush all the time, lending their deep red beauty to the garden scene. The plant, too, is noteworthy. It grows sturdily with fine vigor. Red Favorite is one of the best of the deep reds—a hard-to-equal Rose in this color, and one which is sure to give you plenty of satisfaction. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★PINOCCHIO. Plant Pat. 484. A Rose with the “sweetheart” kind of personality and form, Pinocchio has lovely pink blooms of 30 petals. These come on the bush in continuous style, giving you an abundance of fine, clear-colored blooms. The plant is low-growing, reaching about 2 feet, and is accordingly ideal for front-row placement, or in a border. Note the nice form of bud and blooms, and, of course, that beautiful color. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★SUMATRA. Plant Pat. 1572. This big, always-blooming, signal-red Floribunda is one of the best to come along in years. The color is lively and bright and the blooms come in profusion on a good-looking plant. Sumatra's exciting color has a sort of day-glow appeal which is something to see, especially when, in the fully open flower, it backs up the golden stamens. The plant is vigorous and well rounded. It reaches middle height and with its profusion of good green foliage makes a very attractive plant. Sumatra is one of the largest Floribundas created by the great French hybridizer, Charles Mallerin. \$2 ea.; 3 or more, \$1.75 ea.; 25 or more, \$1.60 ea.

★GOLDILOCKS. Plant Pat. 672. The golden flowers of this best of the older yellow Floribundas are in reality brighter and livelier than the picture shows them. They're a good 3 inches across and come plentifully on the continuous-blooming plant. Every garden needs Floribundas with this cheerful, sunny disposition. Goldilocks grows in bushy fashion, and has dense foliage which lends massiveness to the plant's appearance. Reaching 2½ feet or so, and always aglow with golden flowers, this is a very worthwhile Rose which will give you a good deal of pleasure. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

Everblooming Floribundas

★CIRCUS

★**CIRCUS**. Plant Pat. 1382. Mixed red, yellow, pink and orange. 40-petaled blooms of excellent form and a great appeal. Upright, sturdy plant of medium height. It's the 1956 All-America Winner. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

★**BETTY PRIOR**. Blooms like red dogwood in size, shape and color. Immensely attractive and a great favorite. Grows 3½ feet tall. Vigorous, hardy, sturdy bush that makes an excellent hedge or shrub. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★**COCORICO**. Plant Pat. 1193. Poppy-red with 3-inch blooms that come in clusters. 5 to 9 velvet petals form gay, attractive blooms. Plant is upright, growing to 3 feet. There's something chipper about this one. \$2 ea.; 3 or more, \$1.75 ea.; 25 or more, \$1.60 ea.

★**FLORADORA**. Geranium-red blooms of 50 petals come on upright plants that grow to 2½ to 3 feet tall. Long-lasting flowers. An old favorite and a former All-America Award Winner. It's very good. \$1.50 ea.; 3 or more, \$1.30 ea.; 25 or more, \$1.20 ea.

★**FRENSHAM**. Deep crimson Gold Medal Winner of the American Rose Society. Beautiful form of bud and bloom. 3-foot, bushy plant bears continuously. Color doesn't fade. Grows well anywhere. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★**RED WONDER**. Plant Pat. 1341. Glowing ruby-red, 4-inch flowers of 25 to 30 petals. Vigorous, bushy plant that's full of life and that gives you plenty of beautiful flowers . . . many, many of them. Fragrant. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★**WHITE BOUQUET**. Plant Pat. 1415. The 1957 All-America Winner—a sweet-spice scented white Rose with blooms that come in clusters and singly. Graceful, disease-resistant plant grows to 2 feet. 4-inch flowers. Good border or bedding plant. \$2.50 ea.; 3 or more, \$2.20 ea.; 25 or more, \$2 ea.

★**IRENE OF DENMARK**. Plant Pat. 889. "Sweetheart" type buds and blooms in clear, frosty white. A very fine Rose with plenty of flowers coming on a graceful plant. Here is a hardy, vigorous, beautiful white Floribunda created by the man whose family originated this class, Svend Poulsen of Denmark. \$1.75 ea.; 3 or more, \$1.55 ea.; 25 or more, \$1.40 ea.

★**RED EMPRESS.** (EVERBLOOMING.) Plant Pat. 1573. Because of the great demand for this great, new Everblooming Climber, we were sold out very early last spring . . . but our new fall crop now gives us a good supply again. Red Empress is a hardy, continuous-blooming beauty with extra-big blossoms like Hybrid Teas. The color is the most striking red. The flower is beautifully formed, has a strong fragrance and is suitable for cutting. The plant is a lusty grower with most attractive foliage. This splendid Star Climber *will give some bloom the very first year*, a feature which distinguishes it from most others. \$2.50 ea.; 3 or more, \$2.20 ea.

★**GOLDEN SHOWERS.** (EVERBLOOMING.) Plant Pat. 1557. The All-America Winner for 1957, this is the first Climber in many years to take this top honor. It has big, 5-inch, daffodil-yellow flowers which come in profusion all season long. The plant itself is very strong, and can stand alone as a shrub. It sends up 8-foot canes in a hurry and loads them with large, leathery, glossy leaves which make a wonderfully rich background for the gay yellow blossoms. Wherever you plant Golden Showers . . . on walls, trellis, fence, or alone . . . you will have plenty of bright color and, of course, plenty of cutting blooms for the house. \$2.75 ea.; 3 or more, \$2.40 ea.

★**CLIMBING PEACE.** Plant Pat. 932. This is a very remarkable Climbing Rose because its flowers are just like those of the world's most famous Rose, the Hybrid Tea Peace! Huge, fat, well-formed, golden yellow flowers with the loveliest of pink-edged petals! The plant, too, is Peace-like in its rugged strength and tremendous vigor. It has long, pliant, fast-growing canes and usually repeats blooming all summer long. If you can imagine Peace growing as a Climbing Rose, then you get a fair idea of the real quality and beauty of this outstanding plant. The plant lives long, and as it grows older, delivers more and more blooms. For a more complete description of the bloom, see page 5, and note the gorgeous beauty of bud and bloom. \$2.25 ea.; 3 or more, \$2 ea.

Star Climbing Roses are prolific bloom producers and strong growers that live long and give great satisfaction. Some of them described here are true Everblooming kinds with blooms on them most of the time. Others repeat their bloom during the long season. All are very versatile, giving you not only beautiful, colorful flowers, but also effective screens to beautify unsightly spots. Use them against the house or garage, to trail along fences, to cling to poles or trellises. Be sure not to prune away first-year canes because they are the ones which will produce next season's flowers. Keep pruning to a minimum or to keep the canes in bounds or to remove dead wood. You'll get most bloom if you remove flower heads as they pass their peak. The Star Climbers we offer you this fall are an outstanding collection. They give you an excellent choice in colors, and since all are superb Star Quality plants, they give long years of garden pleasure. In fact, finer Climbing Roses do not exist anywhere. As with our Hybrid Tea and other Roses, we guarantee our Climbers to bloom. If they should not do so, we will replace them or refund your money. Why not take a long, objective look at your home grounds to see where a beautiful Star Climbing Rose might be placed to add to the beauty and charm of your property?

Plant Star Climbing Roses

★GOLDEN SHOWERS

★MORNING DAWN

★**CORAL DAWN.** (EVER-BLOOMING.) Plant Pat. 1117. Here's a most delightful color in Climbing Roses . . . lovely coral-pink! The 4½-inch flowers open from dainty, pointed buds. Long-lasting, graceful blooms come in clusters of from 3 to 20, giving you enormous masses of gorgeous color. The lustrous, green backdrop of the foliage sets off their beauty in the most fascinating way. Coral Dawn is a superior plant in every way—size, color and form of bloom, vigor of plant, beauty of bloom. It will do well anywhere you plant it, and make you glad you did so. The soft tones of Coral Dawn are quite special. You're sure to love it. \$2.50 ea.; 3 or more, \$2.20 ea.

★**CLIMBING CRIMSON GLORY.** Plant Pat. 736. If you know the Hybrid Tea Rose by this name (see page 17), then you have a fair idea of how gorgeous this is as a Climbing Rose. The rich, fragrant, deep crimson flowers have an out-of-this-world appeal which no one can resist. The flowers have outstanding form and are big and handsome. In a normal season, they repeat nicely during the summer. The deep, lively tones in this red, red Rose make it exceptionally exciting. The beauty of Climbing Crimson Glory is enhanced by the clean, disease-resistant foliage, making the plant from tip to toe a thoroughly satisfying one. It should be noted that with this Rose you get not only large blooms but also plenty of them. \$2.50 ea.; 3 or more, \$2.20 ea.

★**MORNING DAWN.** (EVER-BLOOMING.) Plant Pat. 1447. There is an old Rose scent, a delightful, spicy aroma, about this pink beauty which gives the Rose a very fetching personality. The soft pink flowers are large—as large as 5 inches across—and they are distinguished by excellent form in both bud and bloom. They are always in evidence on the plant; and since they come on stems long enough for easy cutting, they are in evidence in the vase, too. A look at the picture tells you how perfectly enchanting they are for home decoration. Morning Dawn's leaves are attractive, lending to the overall appeal of the Rose a touch of complementary beauty. This is one of the newer Climbers. It has a great future. \$2.50 ea.; 3 or more, \$2.20 ea.

ONE CLIMBING ROSE PROVIDES HUNDREDS OF FLOWERS

★**GLADIATOR.** (EVERBLOOMING.) Plant Pat. 1524. Large, double blooms of light red or deep pink are lively and attractive. Tall canes bear them abundantly all season. Fragrant, good for cutting. The plant is substantial and good in every way. \$2.75 ea.; 3 or more, \$2.40 ea.

★**CLIMBING TALISMAN.** Like the old favorite Hybrid Tea—orange, yellow and red combination in beautiful, fragrant blooms. Plenty of color, plenty of pleasure and satisfaction with this famous name beauty. \$1.50 ea.; 3 or more, \$1.30 ea.

★**PAUL'S SCARLET CLIMBER.** Famous for brilliant, unfading, scarlet blooms which come in blazing clusters. One of the best-known and brightest of Climbers. In June, it's loaded with these colorful flowers and puts on a marvelous show. No garden spot is dull with Paul's Scarlet in it. \$1.50 ea.; 3 or more, \$1.30 ea.

★**SPECTACULAR.** (EVERBLOOMING.) Plant Pat. 1416. Scarlet buds open to blazing orange-red excitement! Blooms come in clusters with 3 and 4 splendid flowers to a stem. Glossy, green leaves and great vigor of plant. Each year, 10-foot canes shoot up from the base and each is loaded with flowers. \$2.50 ea.; 3 or more, \$2.20 ea.

★**WHITE DAWN.** (REPEAT BLOOMING.) Best of the large-flowered white Climbers. Strong, vigorous grower that presents plenty of bloom. Healthy plant. Excellent Climbing Rose with a good reputation over the years, and which seems always to make new friends. \$1.75 ea.; 3 or more, \$1.55 ea.

★**NEW DAWN.** (EVERBLOOMING DR. W. VAN FLEET). In June, bluish-pink flowers grace this fine, old favorite, and from then on they are repeated freely. 12 to 15-foot canes. Delicious fragrance. Excellent cutting flowers. Hardy, sturdy, vigorous plant that gives much, asks little. \$1.75 ea.; 3 or more, \$1.55 ea.

★**BLAZE.** (REPEAT BLOOMING.) One of the best-known red Climbers. Produces masses of brilliant bloom in June, and repeats the performance in fall. This is a good, hardy Rose and as vigorous and handsome as you can imagine. There is always some of that bright color on the bush between the two Big Shows. \$1.50 ea.; 3 or more, \$1.30 ea.

Jewels of the Rose World

... Grow Them in Your Garden

These amazing little Star Roses—genuine Miniatures—grow outdoors and are just as hardy as the big Roses when established. They are exactly like the Hybrid Tea Roses in every detail—except that they are small. The blooms, for instance, are from $\frac{3}{4}$ inch to $1\frac{1}{2}$ inches across, and the plant grows from 6 to 12 inches tall. They can even be grown indoors (see below). Miniature Roses bloom freely and are perfect for borders and rock gardens. In the south, plant in fall. Plants ordered for outdoor planting in states north of Washington, D. C., will be shipped at proper planting time in the spring.

★BABY GOLD STAR

Grow Miniature Star Roses Indoors this Winter!

If you have a window with a southern exposure where the sun can reach your Star Rose Miniatures 3 to 4 hours a day, you can grow these wonderful plants with great success.

With enough sun and water, you will have fascinating blooms a few short weeks after planting. To help you, we have prepared a Star Rose Miniature Planting Kit which includes everything you need:

- 1 each of the 3 Miniature Roses illustrated above (Red Imp, Cinderella, Baby Gold Star).
- 3 pots to plant them in.
- 2 packages of colored pebbles.
- 1 can of Star Rose Grow (our special fertilizer).
- 1 package of especially prepared Star Rose Soil for Miniatures.
- 1 plastic window tray.

When you receive your Star Rose Miniature Planting Kit, place pebbles in tray and fill with water to just below the top of the pebbles. Place the Rose plants in the pots, using the

special soil. Then set the pots in the tray on top of the pebbles. Place the tray on a sunny windowsill and keep at regular house temperature. Remember to keep the water in the tray to a level just below that of the bottom of the pots. That is all there is to it. The object of keeping water in the tray is to provide a humid atmosphere around the plants. Actual watering of the Roses is done in the usual manner from the top of the pot. Complete instructions come with your order. You should have lovely blooms in about 7 weeks after planting. Feed the plants during the growing season, not at planting time.

In illustration A below, you see the complete Kit; in B, the lovely result. Order your Kit by using the space provided in the Order Blank at center of Catalog. These Kits make thoughtful Christmas gifts. Perhaps you will want to send several to friends. These will be shipped on December 15. Other orders can be shipped from January 1 up to March 10. No orders can be shipped for indoor growing before December 15.

GIVE Star Roses for Christmas this year

Be thoughtful . . . be different! Give Star Rose plants for Christmas and be sure of giving extra pleasure to your friends and relatives, for Star Roses are the gift that keeps on giving for years and years. More and more thoughtful people are turning to Star Roses each year for help in solving Christmas gift problems. Perhaps we can help you care for this important matter. The easy Star Rose way works simply. Just choose the Rose or collection of Roses that you wish to send as a Christmas gift. As a token of that gift, we will send at Christmastime a real, living Rosebud in a vial of water—just like the one pictured here; and with it, a Christmas Card announcement from you informing the recipient that in the spring at just the right time for planting he will receive the Roses you ordered for him. The Rosebud and card are sent direct in time for Christmas; the plants are sent later at the proper time. Rosebuds cannot be sent with orders which are not Christmas gifts.

Isn't this a "sweet and simple" way to say "Merry Christmas!"? And isn't it thoughtful and effective?

Then—choose right now from the wonderful Roses in this Catalog and send us your orders. Use the convenient order blank provided. We'll do the rest at the right time, and you can get the matter off your mind right now! *We must have your orders before December 10 if we are to send a Rosebud token gift.*

If you should not wish to choose the Roses yourself, and wish to let the recipient pick his own varieties, you can order gift certificates like the one pictured below (\$2.50 or \$5 units in any total amount you wish) and we will send your friends our spring catalog to choose from together with the gift certificate.

Every Star Rose is, of course, guaranteed to bloom. *Remember*—it's never too early to think of your Christmas list. Get your order in, and there'll be one less thing to care for later. Roam through the pleasant pages of this catalog of famous Star Roses, and choose any Rose or collection of Roses. Whichever you choose, this is sure—you're choosing quality plants, the finest available anywhere.

Note: All group offer and "3 for" prices apply **ONLY** when those Roses are shipped together to the same address.

★FANTAN

FANTAN

THE FIRST TAN ROSE

... Something to talk about!

★FANTAN, H.T. (Meilland.) Plant Pat. App. For. Here's the novelty Rose that will have Rose lovers talking for a long time to come... a real and unique color break, and a Rose from which it appears that a true brown Rose might be developed! You may not like it; or you might think it unusual enough to be mad about. We think there's a dusky beauty about this rosy-tan discovery which makes it an exciting Rose find. The elusive tones of this surprise Rose affect people in different ways. Some say it's "burnt orange"; others, "Chinese coral," "marigold orange," "salmon and straw-yellow," or even "tan" or "brown." What do you think it is? It surely gives a South Seas impression of rich, dusky, suntan beauty. Fantan is worth watching—no doubt of that. It grows to medium height and has 3½-inch blooms of from 40 to 50 petals which form a good, substantial, cupped flower that opens outward in its final stage. Free-blooming. Vigorous. Fragrant. Good vigorous, shapely bush. Quite a Rose! Are you connoisseur, or daring, enough to try Fantan? \$3.50 ea.; 3 or more, \$3.10 ea.

★FRAU KARL DRUSCHKI. Famous Hybrid Perpetual Rose remarkable for its snow-white, repeat-blooming flowers. Huge plant and flowers, well formed. Very vigorous, and gives blooms all season. \$1.50 ea.; 3 or more, \$1.30 ea.

★THE FAIRY. Everblooming Shrub Rose that needs no care and blooms from spring to frost bearing hundreds of sea-shell-pink flowers. A unique and wonderful plant. Grows to 4 feet. \$1.75 ea.; 3 or more, \$1.55 ea.; 12 or more, \$1.40 ea.

★THE FAIRY

★GOLDEN WINGS. Plant Pat. 1419. Everblooming Rose that makes a superb, continuous-blooming hedge or decorative shrub. Very hardy and vigorous. Grows to 3 to 4 feet. Does not need spraying. \$2.50 ea.; 3 or more, \$2.20 ea.

★MAX GRAF. Hardy ground cover for sunny banks. Large, single, rich pink blooms and good, green foliage make a beautiful carpet for slopes and other hard-to-keep-green areas. \$1.50 ea.; 3 or more, \$1.30 ea.

★SUNLIGHT. H.T. (Meiland.) Plant Pat. 1576. At last, America has a great new yellow Rose—a real “knockout” that has been needed for a long time! Sunlight is all that and more, from its extraordinary opening bud to the 24-carat splendor of its full open bloom. The bud is something to wonder at . . . Chinese yellow occasionally and very lightly washed with Mandarin red—a shapely and beautiful bud which opens to a large, 43 to 48-petaled flower of solid gold. In the open stage, the petals curl outward in a richly expansive manner. Blossoms like this come continuously in free-blooming style, and each sturdy stem holds from one to three of them, creating the most stunning sight imaginable. Sunlight has a most delicate and intriguing fragrance, too, which makes the marvelous flowers more remarkable still. The plant adds qualities of vigor, disease-resistance, healthy foliage. Vigor is outstanding, making the plant grow tall. The total effect is splendid, for Sunlight is well balanced as well. This is an extremely good and worthwhile newcomer to our famous list of Star Quality Roses—a clear, rich-toned, sunny and happy kind of Rose that will make you happy, too. \$2.50 ea.; 3 or more, \$2.20 ea.
